## About Wisdom Together

Wisdom Together e.V. is a not-for-profit organisation which offers in a time of increasing mounting challenges an overarching platform for dialogue, transformation and change initiatives embracing a holistic perspective.

## Future conferences

- Oslo, 20th / 21st October 2017  
Consciousness in Business –  
Listen Closely
- Sarajevo:  
Peace and Prosperity

## Alfred Tolle

Alfred Tolle is the Founder and Chairman of Wisdom Together e.V., a registered not-for-profit organisation which supports the understanding and mutual fertilization of the different cultures of the world.

His experience as an executive manager in major blue-chip companies like Google, Bertelsmann and Lycos and working across the globe, has led into his belief that we are truly living within an interconnected society, in which every thought, every feeling and every action have an effect. "In times of extreme change, the reflection on our inner wisdom is becoming more and more important." At Google, Alfred Tolle has initiated several projects on leadership and personality development and has been instrumental in bringing the first Wisdom 2.0 Conference to Europe.

## Welcome to the WISDOM Conference Munich 2017

*In a complex and challenging world, many people are looking for orientation and new solutions. INTUITION is the key to such new possibilities: INTUITION is the basis for meaningful decisions, creative solutions from our inner wisdom and a fulfilling life. Without intuition, we can do little, with it everything. In the series of our worldwide conferences, I welcome you to WISDOM Munich 2017, where we will look at "INTUITION and CREATIVITY". During two intensive and moving days, you will meet international thought leaders and pioneers from science, business, the culture and the arts. Join us to experience intuition, learn new tools, share experience, hear about latest scientific research findings and meet people from around the world.*

## **WISDOM Munich is for all who want to create their future by themselves:**

- *open minded and interested people*
- *responsible and active people*
- *entrepreneurs who follow a deeper meaning*
- *scientists and students who see intuition as one of their sources*
- *people who want to enhance their inherent power and creativity*
- *anyone who is interested in a profound positive change in their lives and our world*

*I look forward to meeting you!*

*Alfred Tolle and the WISDOM Team*

## SPEAKERS Part 1

Author, Faculty Member  
Presencing Institute

### Martin Kalungu-Banda

is faculty member and author, has written the bestseller "Leading Like Madiba: Leadership Lessons from Nelson Mandela" and works a.o. for the Presencing Institute, the Cambridge Institute for Sustainability Leadership, the Copenhagen Business School und the Blekinge Institute of Technology. He works with companies, governments, and civil societies round the world. His "power of flying on the wing of others" means to be in the present moment and to let come what is to come – intuition.

Journalist, Author  
Moderationsakademie

### Carmen Thomas

Already in 1978 journalist and lecturer Carmen Thomas invented the first interactive broadcasts, in which she interviewed experts and people from the audience for more than 20 years. The business magazine Forbes named her in 1990 among the 100 most influential women of Germany. Carmen Thomas taught for 13 years at universities and directs the 1st Moderation Academy of Media and Economy Her topic at the conference will be: How intuition can brilliantly advise and guide in daily life.

Eskimo-Kalaallit Elder  
Ice Wisdom

### Angaangaq

Angaangaq is an Eskimo-Kalaallit Elder whose family belongs to the traditional healers of the Far North from Kalaallit Nunaat, Greenland. His commitment to the environment and the indigenous peoples brought him to more than 60 countries around the world. As a shaman, healer and story teller at the Qilaut (wind drum), he will bring to us the intuition of the indigenous population of Greenland.

Teacher of Applied  
Improvisation  
Maffick Ltd.

### Belina Raffy

French-American Belina Raffy lives in Great Britan and is the director of Maffick Ltd. She is a leading thinker in applied improvisation and "thrivability". Belina used to work in London and New York as an Executive for one of the largest global financial institutions. Her heart beats for socially committed entrepreneurs committed to sustainability. Her topic: Learn to react flexibly with improvisation, to co-create and to work together.

Artistic Director  
Ars Electronica

### Gerfried Stocker

Gerfried Stocker is artistic director of Ars Electronica. Its Prix Ars Electronica is the international trend barometer, constantly on the lookout for what's new & exciting, what's radically different, what's making an impact right now. Innovation receives support; developments are showcased. In Futurelab, staff work on innovative ideas which will exert a powerful effect on the future. Gerfried will talk about the correlation between Intuition, Art and Technology.

Chairman of the Board  
Sparda Bank München

### Helmut Lind

Helmut Lind, Chairman of the Board of the largest cooperative bank in Bavaria/Germany, is a brilliant example of conscious leadership. Serving the public wealth instead of profit maximization is his leading concept and brought him large media attention in Germany. Helmut will speak about the correlation between intuition and leadership.

Neuroscientist, Author  
Goethe Business School

### Dr. Karolien Notebaert

Neuroscientist and author, Karolien Notebaert makes cutting-edge neuroscience applicable for companies and individuals. She helps leaders to understand and apply neurobiological mechanisms in their daily work. In her talk, Karolien gives insight into how intuition and reason drive the decisions in our brain and how mindfulness can lead to a healthy peak performance.

Author, Coach  
Heartness

### Melanie Grimm

Melanie Grimm is a holistic coach, author and a specialist in holistic heart awareness, trained at the American HeartMath Institute. From both, a scientific as well as a philosophic-spiritual point of view, the heart has been the focus of attention for more than ten years. Melanie will talk about the science of the heart and coherence techniques which extent horizon and perception.

Brand Evangelist  
Google

## Gopi Kallayil

Gopi Kallayil embodies the concept of “living joyously and consciously,” and this includes his role as the Brand Evangelist for Google. Initially he worked on marketing one of the company’s flagship products, and led parts of the marketing team. Today he is one of the leading voices encouraging mindfulness in the workplace. Gopi will talk about the culture of innovation and growth and how access to intuition has an important part in Google’s culture and success.

Integrative Therapist

## Astrid Brinck

Astrid Brinck is a contemporary teacher, integrative therapist and medicine woman from Chile, and also a songwriter, singer and writer. She has undertaken extensive research at renowned universities for almost twenty years, and studied with great teachers around the world. Her research focusses on wisdom behind the cycles in nature and its relation with the process of maturity of the human heart.

Incubator gift-economy  
projects  
Servicespace

## Nipun Mehta

Nipun Mehta founded Servicespace, an incubator of projects that work at the interface of volunteer work, technology and gift economics. What started as an experiment with four friends in the Silicon Valley has now grown into a global ecosystem of over 500,000 members and has provided services worth millions of dollars free of charge. Nipun will talk about the relationship between algorithm and intuition.

Neuroscientist, Artist  
Max-Planck-Institute

## Prof. Dr. Tom Fritz

Tom Fritz, biologist and artist, is leading a research group on cognitive and neuroscience at Max-Planck-Institute for human Cognitive & Brain Science, Leipzig, and working on how music evoked brain plasticity. His research motivation comes from the fact that neuroscientifically informed music therapy is on the verge of a break-through to novel and highly effective forms of social/medical intervention.

Author  
„Now“

## Stephan R. Meier

Stephan R. Meier lived for many years in China, France, Italy, Spain, Vietnam and the USA. In the 1990’ies, he published two biographies, one on terrorist Carlos, the other on his father Richard Meier, who headed the German Federal Office for the Protection of the Constitution in the 1970’ies. “NOW” is Stephan’s first fiction thriller, set in a world where artificial intelligence has taking over the world – a topic with high relevance for all of us.

Creative Professional,  
Coach, Founder  
“Entrepreneur of my Life“

## Tilo Wondollek

A visionary and creative professional for sustainable marketing, Tilo Wondollek founded the entrepreneurial community Unternehmer Meines Lebens (entrepreneur of my life) in 2011. After more than 20 years of international communication experience, he uses intuitive visualization techniques to make the heart beat of companies visible. At the conference, he will let you experience live the power of collective intuition and the resulting creativity.

Author Coach  
Human Trust

## Veit Lindau

Veit Lindau is a well-known coach, speaker and author in the German speaking countries. He is an expert in individual self-fulfilment and mindfulness. Veit is offering workshops, retreats as state of the art coaching offerings via the digital platform, Human Trust, with currently 8300 subscribers. Veit’s vision is to bring his offerings to a broader community in other countries. At Wisdom Together Munich, Veit will speak about “Intuition and the Intelligenz of the Field – the Power of the Not-Knowing”.

Director, Producer  
“Awake“

## Catharina Roland

Catharina Roland is a multi-award winning film producer. For seven years, she has been traveling around the world to compile the puzzles of the latest scientific knowledge and mystical knowledge for her heart project, the documentary “Awake”. She will share the source of her inspiration and her insights gained during her travels and through her work.

Coach, Consultant, Author  
Delta Institute

### Gabriele-K. Kowalski

Gabriele Kowalski is Managing Director of DELTA GmbH, Institute for Change Management and Personality Development, as well as initiator and director of the Avalon Earth Project. Key aspects of her work are management trainings, change consulting and corporate development. Gabriele leads mentoring programmes and holds lectures at various universities like the U.T.D. Business School, USA and others.

Lawyer, Scientist  
Memon GmbH

### Tilo Rößler

Tilo Rößler heads the department for science, research and development at memon bionic Instruments. He promotes and undertakes the scientific research projects about on "the effects of artificial electromagnetic fields in on living species". At the conference Tilo will give a workshop about the development of individuals in an age of digitalization.

Trainer, Entertainer

### Frank Astor

Frank Astor has spent more than 35 years regaling audiences with his versatile and compelling stage presence. As a veteran entertainer, he has what it takes to deliver such complex content in a convincing, enjoyable and humorous way. Frank Astor has devoted himself to the highly topical themes „Trends of the Future“ and „Digital Transformation“ for his latest show and worked together with Germany's leading trend agencies and future researchers.

Coach, Publisher  
Integral Management

### Andreas Mascha

is a management consultant, coach, publisher and scientific researcher. Primary building on the fundamental work of the physician and founder of Logotherapy Viktor E. Frankl, Andreas Mascha developed a purpose oriented leadership training in the context of a hyper modern working world of the 21st century as a solution to the pressing problems in the economy and society. In his workshop Andreas is offering an in depth understanding of the interconnection between the cosmic creativity and intuition.
